Active Carbon.....	18%

INCEPTIVE® BIO-CAPSULE

Harpinaß Protein	1%
EPA Reg No. 71771-3-92738	

DIRECTIONS FOR USE & RECOMMENDED USE RATE

Once ready to plant, remove the safety clips from the BIO-CAPSULEs. Push down on the buttons atop the pail to release the biologicals into the base. Seal the pail and shake aggressively to blend the contents. The combined products (1 pail) treat 10 boxes of sugarbeet seed.

Before each application, aggressively shake contents to ensure the correct volume is applied.

For single row unit planters, use the enclosed scoop to measure out blended contents. One scoop treats 1 acre (50k seeds) sugarbeets.

DO NOT ACTIVATE BIO-CAPSULE UNTIL READY TO USE.

KEEP OUT OF THE REACH OF CHILDREN

Harmful if swallowed. This product may be harmful or irritating to eyes. Do not ingest. Avoid contact with eyes. Do not inhale powder.
